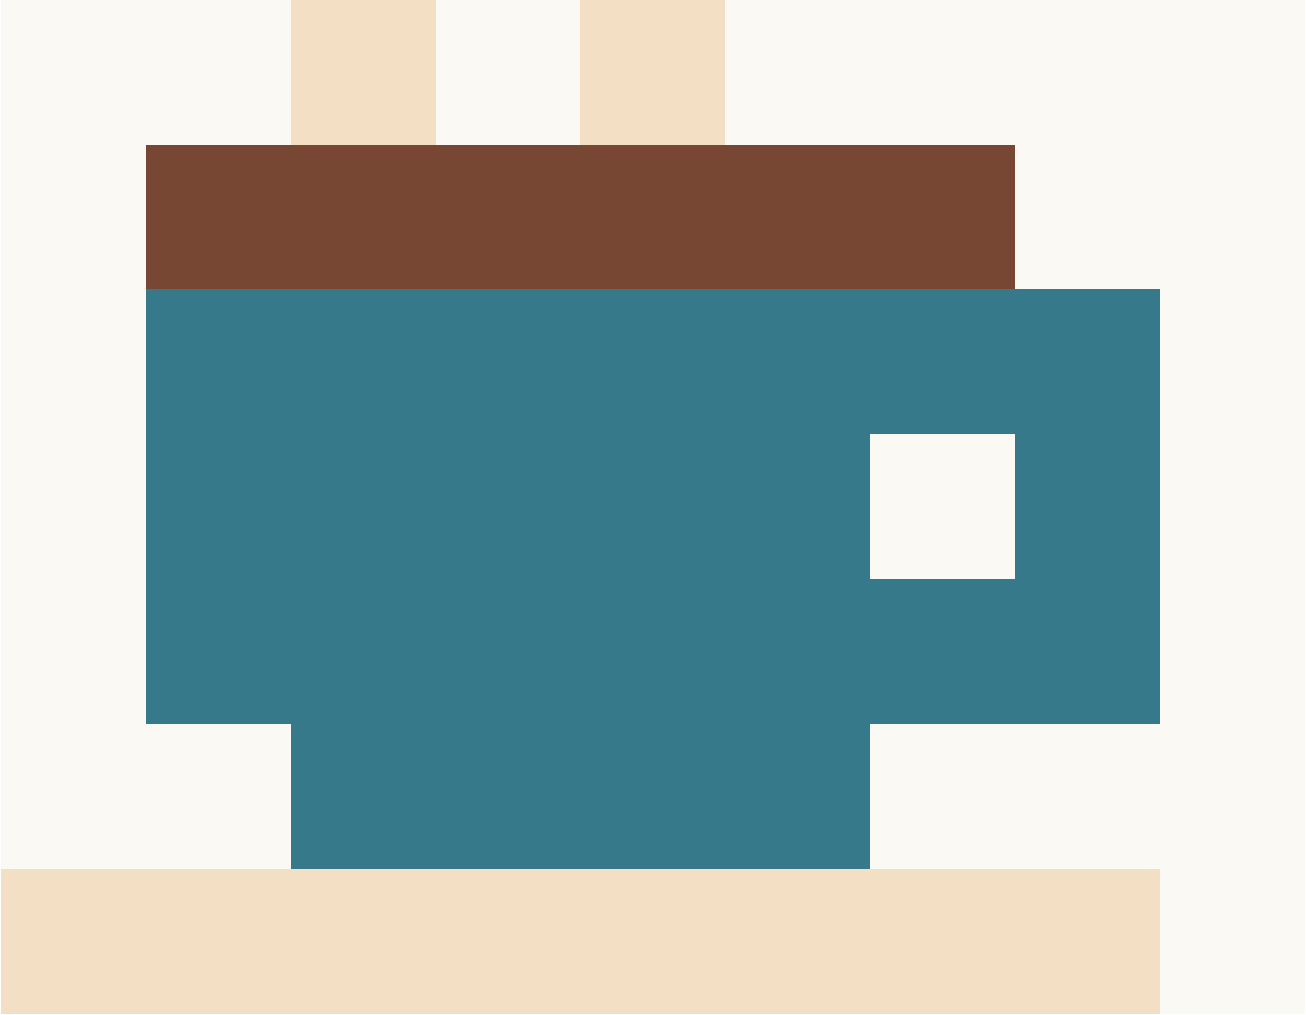
Cocoa and Marshmallows

9 x 7 stitches | 14 count | full cross stitches

Finished: 0.64 x 0.50 in (1.6 x 1.3 cm).

With 3 in margins per side: 6.64 x 6.50 in fabric.



Print chart pages at 100% / Actual size. Each square is one stitch. Blank cells are unstitched fabric. Start from the center or a carefully counted corner. Keep top crosses facing the same direction.

Palette & stitching notes

- **A** G01 #784734 | 6 stitches | ~0.02 m six-strand floss
- **B** G02 #35798B | 24 stitches | ~0.09 m six-strand floss
- **C** G03 #F2DFC4 | 10 stitches | ~0.04 m six-strand floss

Generic numbered colors, not DMC or another brand. Match physical floss to the printed/screen swatches; neither is color-calibrated. Estimates assume 2 working strands, full crosses, (2*sqrt(2) + 2) stitch-side lengths per strand and 25% allowance. Divide six-strand equivalent meters by your skein length and round each color up; buy extra for long carries. Actual use varies.
Use one square per Aida block. For linen/evenweave stitched over two threads, effective count is the fabric count divided by two. Wash/test colorfastness on spare thread first. Never assume a photo chart will preserve fine details. Original project patterns may be used for personal stitching and gifts. Your uploaded image must be yours to use. This PDF has not been tested for Pattern Keeper import.
