Winter Window Candle

11 x 13 stitches | 14 count | full cross stitches

Finished: 0.79 x 0.93 in (2.0 x 2.4 cm).

With 3 in margins per side: 6.79 x 6.93 in fabric.

Print chart pages at 100% / Actual size. Each square is one stitch. Blank cells are unstitched fabric. Start from the center or a carefully counted corner. Keep top crosses facing the same direction.

Generic numbered colors, not DMC or another brand. Match physical floss to the printed/screen swatches; neither is color-calibrated. Estimates assume 2 working strands, full crosses, (2*sqrt(2) + 2) stitch-side lengths per strand and 25% allowance. Divide six-strand equivalent meters by your skein length and round each color up; buy extra for long carries. Actual use varies.
Use one square per Aida block. For linen/evenweave stitched over two threads, effective count is the fabric count divided by two. Wash/test colorfastness on spare thread first. Never assume a photo chart will preserve fine details. Original project patterns may be used for personal stitching and gifts. Your uploaded image must be yours to use.
